

WHS/WMS Secondary Remote Learning Option

Parents can choose full time remote learning (five days per week) for their child instead of the Hybrid Schedule. Remote students will each receive a school laptop and a schedule of daily classes and will be expected to login on their laptop daily and "attend" all their classes virtually. Attendance is mandatory just as if the student were in the school building. Attendance will be taken each period by the teacher.

A web cam will be set up in each classroom so that students at home will have a live view of their teacher and will be able to hear the classroom and the teacher's instruction. Teachers will have time in the afternoons from 2:00-2:45 p.m. to meet virtually with individual students or small groups of students to provided extra help as needed. Technology support will be provided as needed for any problems the student is having with their laptop. Parents and/or students can email the HS or MS Help Desk at MSHelpDesk@waterloocsd.org / HSHelpDesk@waterloocsd.org and someone will be able to assist the student. In addition, an Online Learning Handbook will be provided to all students to help them navigate remote learning.

Hotspots will be provided for any family that does not have internet access. If verified by the district that the hotspot does not work and there is no internet connectivity in the area where the student lives, paper copies will be provided, and teachers will call students daily to check in.

Lafayette Elementary Remote Learning Schedule

Parents can choose full time remote learning (five days per week) for their child instead of the Hybrid Schedule. Remote students will each receive a school laptop and a schedule from their teacher and will be expected to login on their laptop daily and "attend" all their classes virtually per teacher direction. Attendance is mandatory just as if the student were in the school building. Attendance will be taken by the teacher.

A web cam will be set up in each classroom so that students at home will have a live view of their teacher and will be able to hear the classroom and the teacher's instruction. Technology support will be provided as needed for any problems the student is having with their laptop. Parents and/or students can email the LaFayette

Help Desk at LFHelpDesk@waterloocsd.org and someone will be able to assist the student.

Hotspots will be provided for any family that does not have internet access. If verified by the district that the hotspot does not work and there is no internet connectivity in the area where the student lives, paper copies will be provided, and teachers will call students daily to check in.

Skoi-Yase Remote Learning Schedule

Parents can choose full time remote learning (five days per week) for their child instead of the Hybrid Schedule. Remote students will each receive a school laptop and a schedule from their teacher and will be expected to login on their laptop daily and "attend" all their classes virtually per teacher direction. Attendance is mandatory just as if the student were in the school building. Attendance will be taken by the teacher.

A web cam will be set up in each classroom so that students at home will have a live view of their teacher and will be able to hear the classroom and the teacher's instruction. Teachers will have time in the afternoons to meet virtually with individual students or small groups of students to provided extra help as needed. This time will vary according to the teacher's schedule. Technology support will be provided as needed for any problems the student is having with their laptop.
